

FACT SHEET

The main aims of the BTEC Higher National Diploma (HND) Engineering (Electrical and Electronic Engineering) are to:

- Prepare students for a range of technical, professional and management career disciplines in Electrical and Electronic Engineering by providing specialised studies which are directly relevant to individual occupations and professions in which students are currently working or in which they intend to seek employment.
- Enable students to make an immediate contribution in employment in the Electrical and Electronics sector.
- Provide students with flexibility, knowledge, skills, understanding and motivation as a basis for progression to graduate and postgraduate studies.
- Develop a range of skills and techniques, personal qualities and attitudes essential for successful performance in working life.

HNDs are recognized by many higher educational providers as meeting the admission requirements to enter the final year of an undergraduate degree programme.

This qualification can be earned in **2 ½ years**.

Classes for the new semester are scheduled to commence in **October 2020**.

Modes of Assessments: This course will be assessed by a combination of Centre-set and Pearson-set assignments.

Entry Requirements

To be eligible for entry to the programme you must be 18 years and over and have **at least one** of the following: -

- **2 A'Levels**
- **Matriculation to HND (Engineering) programme from SBCS**
- **Diploma in Electrical and Mechanical Engineering Technology from SBCS**
- **An appropriate Technician Diploma from City & Guilds, UTT, COSTAATT, NEC or an equivalent qualification**
- **Relevant work experience (Resume and Job letter required)**

Mode of Study

The BTEC HND in Electrical and Electronic Engineering will be offered at the following SBCS Campus:

- Champs Fleurs (Part-time)

Registration Information

To register for this programme, you must provide evidence of your entry qualifications by presenting:

- (a) Original certificates along with 3 copies of each,
- (b) A detailed Resume and/or Job Letter.

If your entry qualifications are satisfactory, you are then required to complete the **SBCS Registration Form**.

If you need an acceptance letter from SBCS after registration, kindly note that such requests usually take three (3) working days to process.

Fees Schedule

Fees for this programme are as follows:

FEE	AMOUNT	NOTE
SBCS Registration/Administration Fee	First semester: TT\$150.00 Remaining semesters:TT\$850 each	Payable upon registration every semester
Tuition Fee	TT\$1,500 (Foundation Semester) TT\$2,200 (per module) TT\$4,400 (Research Project only)	Total Tuition Fees over 2 years= TT\$36,700.00
BTEC Registration Fee (1 st time registration and annual fees)	£500	Payable by: November 30th 2020 One time payment to cover the duration of the entire programme

NOTE:

BTEC Registration fees must be paid via **bank draft** payable to “**SBCS Global Learning Institute Ltd**”. Please include your name on the bank draft in the B/O (by order of) section.

Course Schedule

Tuition commences in **October 2020** and courses are semester-specific.

Foundation Semester (Sep – Dec 2020)	Semester 1 (Jan – Apr 2021)	Semester 2 (May – Aug 2021)
1. Introduction to BTEC Philosophy 2. Foundation Mathematics 3. Foundation Mechanics	1. Engineering Maths (Unit 2) 2. Engineering Science (Unit 3)	1. Electrical and Electronic Principles (Unit 19) 2. Renewable Energy (Unit 5)
Semester 3 (Sep – Dec 2021)	Semester 4 (Jan – Apr 2022)	Semester 5 (May – Aug 2022)
1. Electric Machines (Unit 21) 2. Managing a Professional Engineering Project (Unit 4) 3. Research Project (Unit 34)	1. Further Mathematics (Unit 39) 2. Mechatronics (Unit 6) 3. Professional Engineering Management (Unit 35)	1. Industrial Systems (Unit 45) 2. Embedded Systems (Unit 46) 3. Engineering Design (Unit 1)
Semester 6 (Sep – Dec 2022)		
1. Further Electrical, Electronic and Digital Principles (Unit 52) 2. Industrial Power, Electronics and Storage (Unit 44)
