

The **BSc (Hons) Occupational Safety, Health and Environment (OSHE)** programme is offered by the University of Greenwich (UK), accredited by IOSH and recognized by ACTT.

This qualification can be earned in two (2) years.

The deadline date for registration for the **February 2023 intake** is **30 January 2023**

Courses Covered include: Six (6) Courses and one (1) Project:

Course Code	Course Name
OMED 1161	Management of Risk (MOR)
OMED 1162	Physical Agents (PA)
OMED 1163	Ergonomics (ERG)
OMED 1164	Environmental Industrial Pollution (EIP)
OMED 1165	Environmental Industrial Management (EIM)
OMED 1303	Chemical Hazards (CH)
BUIL 1075	Dissertation – a substantial individual project of the student’s choice.

NOTE: The proposed Course Listing is semester specific. Please see “Mode of Study” for semester offering. Courses offered are subject to change.

## DIRECT ENTRY REQUIREMENTS

To be eligible for entry into this programme you must possess one of the following:-

- ◆ Associate’s Degree in Occupational Safety and Health
- ◆ NEBOSH Diploma in Occupational Safety and Health (Level 6)
- ◆ Associate’s Degree/Advanced Diploma in a science of engineering subject & NEBOSH Level 3 Certificate in Occupational Safety and Health
- ◆ Persons with relevant work experience AND certifications, may be considered for entry by the University.

Persons who **do not meet** the direct entry requirements **but possess an Associate’s Degree in a non-HSE field**, may be required to complete the **Fundamentals to Health Safety and Environment** programme, offered by SBCS GLI Ltd., **in the absence of the NEBOSH certificate**, in order to progress to the BSc (Hons) OSHE.

**NOTE: Qualifications will be reviewed on an individual basis in order to confirm eligibility.**

## AIMS & OBJECTIVES

The programme aims to produce an individual with competence across the core disciplines of environment, safety and health practice.

On successful completion of the programme, a student would:-

- ◆ Acquire an in-depth understanding and competence in environment, safety and health practice.
- ◆ Have a detailed knowledge of the relevant legislative base with respect to environment, safety and health.
- ◆ Be aware of the role and function of other environment, safety and health professionals and the value of the team approach to environment, safety and health practice.
- ◆ Develop a full appreciation of the physiological and toxicological effects of exposure to, or contact with, various physical and chemical agents within the occupational environment and be able to identify the means of controlling the hazards presented.

## PROFESSIONAL RECOGNITION

The BSc (Hons) Occupational Safety, Health and Environment Programme is accredited by the **Institution of Occupational Safety and Health (IOSH)**, Europe's leading body for health and safety professionals, which represents 27,000 members in over 50 countries. Graduates will be eligible to apply for graduate membership from IOSH. For further information, visit their website at <http://www.iosh.co.uk/>

## MODE OF STUDY

This programme is offered part-time and comprises four (4) semesters. Courses are **semester specific**, meaning, are offered **once** per academic year.

Semester 1 (February – May 2023)	Semester 2 (September – November 2023)	Semester 3 (February – May 2024)	Semester 4 (September – November 2024)
