## Experience:

Mr. Greaves has nine (9) years of lecturing experience and delivers modules in the fields of Economics and Procurement and Supply Chain Management. He has, over that period, tutored and delivered training to students from multiple countries including the wider Caribbean region and Europe.

Mr. Greaves has also done specific research into the dynamics involved in cross-cultural interactions, teamwork, and learning, and brings this wealth of knowledge and experience to the classroom. Additionally, he holds the position of Director, at the Caribbean region representative of a leading global Business Continuity training and certification organisation.
