... Heriot-Watt University MBA

"After reviewing all prospective institutions, the EBS MBA is the one that stood out to me, firstly due to the reputation of EBS, Heriot-Watt University, the flexibility of the programme and the positive feedback from work colleagues who were already enrolled.

The EBS MBA at first may seem extremely challenging, however, prospective students should have an open mind, be positive, and utilise the knowledge and expertise of the highly experienced and skilled lecturers of SBCS GLI, who can assist in making this journey worth the sacrifice."

MASTER OF SCIENCE (MSc) FINANCIAL MANAGEMENT

MBA & MSc Programmes @ SBCS GLI

For More Information: masters@sbc.edu.tt

MSc FINANCIAL MANAGEMENT

This MSc has been designed to give financial professionals the ability to make a crucial contribution where it matters most in business: at the bottom line.

It provides a wide-ranging understanding of financial techniques and their application but does not require a high-level mathematical understanding of finance theories. You will engage in a specialist study of the key areas of: corporate finance; mergers; investments; derivatives; credit risk; and risk management. The knowledge you gain can be applied in very real practical ways.

Careers in the sector depend upon a strong understanding of the foundations and dynamic nature of finance and the vagaries of investment behaviour. The MSc will prepare the way for a career in a wide variety of positions within the finance profession.

Entry

The standard entry requirement for the MSc Financial Management is an undergraduate degree from a recognized institution. Alternatively, you will be admitted onto the MSc FM when you have passed three core subjects.

Course Content

To complete the MSc, you must successfully undertake nine (9) subjects consisting of five (5) core subjects and four (4) electives.

Core Subjects

Leading and Credit Risk Analysis	Financial Decision Making	Managing Financial Risk
Financial Derivatives	Advanced Financial Decision Making	

Elective Subjects

Corporate Governance	Quantitative Methods	Developing and Executing Strategy
Mergers and Acquisitions	Research Methods for Business	
Economics for Business		

Exemptions
