

**Course:** **PMP® Certification Transition Training: PMBOK 7th Edition to PMBOK 8th Edition**

**Contact Hours:** **18 Hours**

**Pre-requisite:** **PMP® Certification Training**

---

### **Course Overview**

This course targets students already familiar with the PMI's 'Old' PMP syllabus (i.e. students who would have completed the PMP course in 2025 but did not sit the exam as yet), who need to bridge the gap to successfully sit PMI's new (July 2026) PMP exam. The course will utilize the PMBOK 8<sup>th</sup> Edition and ATP Instructor Content for the new Examination to prepare the students for the updated PMP Examination

### **Course Content**

#### **1. Changes to the Exam**

- Eligibility Update
- Exam Format and Duration
- Breaks
- Question Types
- Exam Domain Re-balancing
- Shift in focus to outcomes and value
- Updated PMBOK Reference Guide, etc.

## **2. Revision to core concepts and terminology**

- Revised definitions (eg project, project management)
- Streamlined principles from 12 to 6
- Replacement of 'Process Groups' with 'Focus Areas'
- Replacement of 'Knowledge Areas' with 'Performance Domains'
- Streamlined processes from 49 to 40, etc.

## **3. A deeper dive into adaptive and hybrid methodologies**

- Adaptive & hybrid methodologies, tools & techniques used throughout the project lifecycle, (including in managing scope, finance, schedule, resources, etc.)

## **4. 'People' Domain Changes**

- Adaptive Leadership
- Virtual and Hybrid Teams
- 'Deeper' stakeholder engagement and management

## **5. 'Process' Domain Changes**

- Value-based delivery
- Integration of modern methods involving use of AI, etc.

## **6. 'Business Environment' Domain Changes**

- 'Deeper' consideration of organizational strategy, business-project alignment, compliance, governance, continuous improvement and the external environment
